Objective

Motivated front-end developer with a strong foundation in JavaScript, React, CSS, and Tailwind, complemented by a unique background in restaurant management. Recently completed the Full Stack Honors Certification program at Nucamp, and developed a successful web page for my restaurant, El Faro 2. Eager to leverage my technical skills and management experience in a dynamic development team.

Skills

- **Front-end Development:** JavaScript, React, HTML5, CSS3, Tailwind CSS, Bootstrap
- **Web Development:** Responsive Design, Cross-Browser Compatibility, RESTful APIs, Version Control (Git)
- **UI/UX Design:** User-Centered Design, Wire-framing, Prototyping, Accessibility Standards
- **Project Management:** Team Leadership, Time Management, Customer Service, Inventory Control
- **Tools:** VS Code, Git, GitHub, npm

Experience

El Faro, Riverside, IL
Restaurant Team Member
June 2009 – November 2019

- Started as a team member, learning all aspects of restaurant operations, from customer service to inventory management.
- Contributed to maintaining high standards of food quality and customer satisfaction, resulting in a loyal customer base.

El Faro 2, Riverside, IL
Restaurant Manager
December *2019 – Present*

- Promoted to manager to lead operations of the newly opened second location, El Faro 2.

- Successfully expanded the restaurant menu to online delivery for the first time, increasing revenue by 25%.
- Managed daily operations, including staffing, inventory control, and customer service, leading to a 20% increase in customer satisfaction.
- Developed and launched both restaurants' first web page, improving online presence and customer engagement.
- Implemented new systems to streamline workflow and reduce operational costs by 15%.
- Trained and supervised a team of 15 employees, fostering a collaborative and efficient work environment.

Education

Nucamp Coding Bootcamp
Full Stack Honors Certification
Completed: November 2023

- Comprehensive program covering HTML, CSS, JavaScript, React, Node.js, Express, and MongoDB.
- Developed multiple projects, including a custom web page for El Faro 2, showcased on adrianzavala.dev.

Eastern Illinois University

B.A. in Psychology

Completed: Spring '12

- Alumni of a music organization called Tau Beta Sigma, which held multiple offices including Vice President of New Membership that held responsibilities of leadership of the chapter.

Projects

- **El Faro 2 Website:**
  - Developed a responsive and user-friendly website for El Faro 2 using React, Tailwind CSS, and Framer Motion enhancing the restaurant's digital footprint and improving customer interaction.

- **2k-detail Website:**
  - Developed a responsive and user-friendly website for a car detailing company using Nextjs, Tailwind CSS, Framer Motion, and Emailjs to display a the

company's services and to submit a form to schedule appointments with their choices of services.

- **Anime Watch list**
  Full Stack Honors Project - Nucamp Coding Bootcamp

- Developed a dynamic and interactive Anime Watchlist application using **React**, **Framer Motion**, and **Tailwind CSS** to create a seamless and engaging user interface.
- Implemented **Firebase** for authentication, enabling users to create accounts, log in, and manage their personalized watchlists.
- Utilized Firebase's real-time database to allow users to save and retrieve their favorite anime shows across sessions.
- Integrated **Framer Motion** to add smooth animations and transitions, enhancing the overall user experience.
- Focused on responsive design to ensure the application works well on both desktop and mobile devices.

Certifications

- **Full Stack Honors Certification** - Nucamp Coding Bootcamp, November 2023
